MS/HS students will participate in an annual Adventure camping trip the first week of school. These days are part of the regular school year and the educational program of this district. Students who choose not to participate in Adventure *are expected to attend school and complete alternate assignments.*

## Asbestos-free Facility

Lake City Community School is an asbestos-free school. We have an asbestos plan that complies with state and federal regulations. Please contact the school if you would like to review the plan.

## Athletics Fees

Ultimate frisbee will be offered as a pilot, club program and will not require a fee for the 2018-2019 school year. The sliding fee schedule for students participating in multiple sports or families with multiple MS/HS students is below. Final report cards will not be issued until all fees are paid. ## Attendance

Absence procedure: If your child will be absent, please notify the school by 9:00 AM and also send a written excuse from you or a medical professional to the office the day he/she returns. *A written statement, citing one of the “excused” reasons below, is required for the absence to be excused; an absence will be recorded as “unexcused” in our attendance reporting system if no written statement is received.* (See “Unexcused absences” section of this policy.) A statement from a medical professional is required to excuse an illness or disability *longer than 4 consecutive school days*. For state reporting purposes, 2-4 class periods absent equals one half-day’s absence; 5-7 class periods absent equals 1 full day’s absence. After 10 absences, a parent/administrator conference will be required to discuss consequences and courses of action. Consequences may include an attendance contract, make-up time after school, retention, possible court action, or summer school. After 12 absences, a student may fail for the semester.

Excused absences: The following shall be considered excused absences:

1. A student who is temporarily ill or injured.
2. A student who is absent for an extended period due to physical, mental or emotional disability.
3. A student who is pursuing a work-study program under the supervision of the school.
4. A student who is attending any school-sponsored activity or an activity of an educational nature with advance approval by the superintendent including family trips which have an educational component.
5. A family emergency or an absence approved in advance by the superintendent for an appointment or circumstances of a serious nature which cannot be taken care of outside school hours.
6. A student who is suspended or expelled.

The district may require suitable proof regarding the above exceptions, including written statements from medical sources. If a student is in out-of-home placement (as that term is defined by C.R.S. 22-32-138(1)(e)), absences due to court appearances and participation in court-ordered activities shall be excused. The student's assigned social worker shall verify the student's absence was for a court appearance or court-ordered activity.

### Unexcused absences

An unexcused absence is defined as an absence that is not covered by one of the foregoing exceptions. Each unexcused absence shall be entered on the student's record. The parents/guardians of the student receiving an unexcused absence shall be notified orally or in writing by the district of the unexcused absence.

Students and parents/guardians may petition the Board of Education for exceptions to this policy provided that no exception shall be sustained if the student fails to abide by all requirements imposed by the Board as conditions for granting any such exception.

After 3 unexcused absences, MS/HS students will be assigned one hour after school detention. Students reporting late to detention will make up the time missed in additional detention time. The maximum number of unexcused absences a student may incur before judicial proceedings are initiated to enforce compulsory attendance is 10 days during any school year.

### Make-up Work

Make-up work shall be provided for any class in which a student has an excused absence unless otherwise determined by the superintendent or unless the absence is due to the student's expulsion from school. It is the responsibility of the student to request any make-up assignments permitted on the day returning to class. There shall be 2 calendar days allowed for make-up work for each day of excused absence that was not pre-arranged. After the 2 days per day of excused absence, it will be considered "late work" and graded down one letter grade (10 percentage points) for each school day the work is late. Late work that is received more than 4 days late will receive 50% of the grade it would have earned if turned in on time.

Make-up work shall be allowed following an unexcused absence or following a student's suspension from school with the goal of providing the student an opportunity to keep up with the class and as an incentive to attend school. It is the responsibility of the student to request any make-up assignments permitted on the day returning to class. In accordance with law, the district may impose academic penalties which relate directly to classes missed while unexcused. Make-up work after an unexcused absence will receive only 50% credit. Students are encouraged to complete such make-up work as soon as possible to avoid falling further behind.

Unless otherwise permitted by the superintendent, make-up work shall not be provided during a student's expulsion. Rather, the district shall offer alternative education services to the expelled student in accordance with state law. The district shall determine the amount of credit the expelled student will receive for work completed during any alternative education program.

### Pre-arranged absences

If a family knows in advance they are going to be gone for an extended period of time, a parent/guardian shall discuss the nature of the absence with the superintendent to determine if it meets the *excused absence* requirements or not. It is encouraged that this discussion occur as far in advance of the absence as possible. The superintendent will tell the parent/guardian whether the absence will be excused and the absence will be posted on the school's internal Prearranged Absences Calendar.

**Assigned work:** The student will notify teachers in person of the absence and will request work from teachers before the absence. All assigned work received before the absence shall be due the day the student returns to class. This assigned work from a pre-arranged excused absence will receive full credit if turned in the day of return. After the day of return, it will be graded down one letter grade (10 percentage points) for each school day the work is late. Late work turned in later than 4 days will receive half the percentage grade it would have earned if turned in on time. Assigned work from a pre-arranged unexcused absence is due the day of return and will receive 50% credit.

### Tardiness

Tardiness is defined as the appearance of a student without proper excuse after the scheduled time that a class begins. Students who arrive at class more than 10 minutes late will be marked absent. *Because of the disruptive nature of tardiness and the detrimental effect upon the rights of the non-tardy student to uninterrupted learning, appropriate penalties shall be imposed for excessive tardiness.* Parents/guardians shall be notified of all penalties regarding tardiness.

MS/HS students are tardy to a class if they enter the classroom after the scheduled class period start time as listed on class schedules. After 5 tardies, MS/HS students will be assigned one lunch detention. Students reporting late to detention will make up the time missed. Students who continue to report to class tardy after detention may be assigned before school, after school, or weekend detention.

In an unavoidable situation, a student detained by another teacher or administrator shall not be considered tardy provided that the teacher or administrator gives the student a pass to enter his next class. Teachers shall honor passes presented in accordance with this policy.

### **Behavior Expectations**

Our Positive Behavior Intervention and Support (PBIS) system helps maximize academic achievement and behavioral success for all students. Our PBIS expectations are CLIMB:

- C**aring for community
- L**eadership
- I**ncreasing responsibility
- M**aking positive choices
- B**eing respectful

Staff members recognize students exhibiting CLIMB behaviors in the classroom, hallways, commons, and activities by giving them CLIMB tickets. Climbers of the Week and Climbers of the Month are selected at random weekly and monthly from tickets in the CLIMB bin.

Rappel marks are given in the classroom and out of the classroom for negative behaviors.

### Behavior Grades for Grades 6-12

Students receive behavior grades based on these marks that are posted weekly. Students who maintain an Excellent behavior grade (95%) in all classes and outside the classroom earn a behavior reward activity at the end of each quarter. Students must have Satisfactory (70%) behavior grades to be eligible for athletics, activities and field trips. Rappel marks may be given for these reasons: not prepared, horseplay, roaming around, inappropriate language, side conversation, disrespect to teacher, disrespect to students, not on task, interrupting, inappropriate use of technology, or any other reason noted by the teacher.

## **Bicycle Safety**

Park bikes in the bike racks. Please don't ride anything with wheels on campus during school hours.

## **Care of the Building and Grounds**

Food and drinks in the Commons or outside (but not in the sports court) and in classrooms following individual teacher permissions. Please put trash in a trash can and recycling in the right recycle bin. We take pride in our school campus and practice Leave No Trace. We ask everyone to pick up trash they might come across anywhere on campus.

## **Cell Phones and Other Devices**

Students may carry cell phones and other devices, but these devices must be silenced and out of sight during classes. Every classroom CLIMB zone has specific expectations about phones and devices and these are your guidelines for each classroom. Should a phone or other device become a disruption in class, the teacher or aide will turn the device in to the superintendent (or designee) who will return it to the student or the student's parent. Sponsors and coaches of off-campus activities will communicate appropriate times for cell phone use. *LCCS is not responsible for loss or theft of phones or other devices at school or on school activities.*

## **Conditional Admission**

Except as otherwise provided by state law concerning enrollment of students in out-of-home placements, students new to the district shall be enrolled conditionally until records, including discipline records, from the schools previously attended by the student are received by the district. In the event the student's records indicate a reason to deny admission, the student's conditional enrollment status shall be revoked. The student's parent/guardian shall be provided with written notice of the denial of enrollment. The notice shall inform the parent/guardian of the right to request a hearing.

## **Drop-Off Areas**

Drop off students at the gate on 6<sup>th</sup> Street OR the drop off zone on Silver Street by the office. Please use the pull-through design to drop off IN the zone and not ON Silver Street. Pick up after school is at the gate on 6<sup>th</sup> Street.

## **Eligibility for Athletics and Activities**

Students must attend school for their full schedule in order to participate in field trips, athletic or academic practice or competition, or other activities or trips after school or the next day. Any exception requires prior permission from the superintendent.

Elementary students must have a passing average in all subjects to participate in all competition, performances or field trips and in athletic practice during school hours. Middle and high school students must have a 70% average in all subjects and no behavior grade lower than "S" to participate in competition, performance, or field trips. All work to be graded for next week's eligibility is due to teachers no later than 4:00 Thursday afternoon. Grades will be checked for eligibility at 3:00 each Friday afternoon. Any student not meeting minimum eligibility requirements may not participate in practice during school hours and all games/performances Monday-Saturday of the following week.

Students are expected to be in school, on time, and ready to learn on the day after competitions, performances, trips or other activities. Participation in extra-curricular activities is a privilege designed to enhance the educational program and cannot detract from instruction and learning.

Field trip participation is part of a class. For example, the DC trip is for social studies students; the college trips are for ICAP (Individual Career and Academic Planning) students; the 4<sup>th</sup>/5<sup>th</sup> trip to Denver is for students in that class.

**Fees for Missing/Damaged Materials**

Students will be charged the replacement cost for classroom materials (textbooks, calculators, etc.), library books, and athletics uniforms that are damaged or not returned. Final report cards will not be issued until all materials are returned or paid for. Unpaid balances may result in other consequences as well, including tech materials being withheld, denial of participation in athletic events, etc.

**Grading Scale & Report Cards**

Report cards will be mailed quarterly. In elementary school (K-5), the following evaluation marks will be used:

4 (96-100%) = advanced      3 (70-95%) = proficient      2 (65-69%) = in progress  
 1 (60-64%) = needs time and practice      0 (1-59%) = minimal effort

In middle and high school (grades 6-8) the following grading scale will be used:

Classes:	A	90% --100%	Behavior:	E	95% -- 100%
	B	80% -- 89%		S	80% -- 94%
	C	70% -- 79%		U	0% -- 79%
	D	60% -- 69%			
	F	0 -- 59% (no credit)			

Semester average: 45% each quarter, 10% semester exam

**Grade Point Average (GPA) and Honor Roll for Middle & High School only**

Middle and high school honor rolls will be based on a student’s semester grade point average using the following scale: A=4, B=3, C=2, D=1, F=0. Advanced Placement (AP) and Concurrent Enrollment classes will use a weighted grade point scale of: A=5.0, B=3.75, C=2.5, D=1.25, F=0.

“A” Honor Roll

An overall 3.75 – 4.0 average when grades in all courses are averaged together and no grade less than B; no behavior grade less than S.

“A-B” Honor Roll

An overall 3.25 – 3.74 average when grades in all courses are averaged together and no grade less than B; no behavior grade less than S.

**Graduation Requirements**

### ICAP – Individual Career and Academic Plan

An ICAP is an individualized plan developed by the student and the student's parent or legal guardian, in collaboration with their school counselor, school administrators, school personnel and/or Approved Postsecondary Service Providers, to help establish personalized academic and career goals, explore postsecondary career and educational opportunities, align course work and curriculum, apply to postsecondary institutions, secure financial aid, and ultimately enter the workforce after school. State statute requires an ICAP for each student beginning in 9<sup>th</sup> grade; at LCCS, students begin an ICAP in 6<sup>th</sup> grade. LCCS School Counselor will work with each student grades 6-12 to develop and implement an ICAP using the College in Colorado website and other resources.

### Illness/Medications at School

A parent or guardian may be contacted in case of illness or accident at school using information provided at Registration on the New or Returning Family Enrollment Form.

If any prescription or nonprescription medication is to be given to a student at school, a "Permission for Medication" form must be on file in the office. All medication will be secured and dispensed through the office. Please note that medication to be dispensed at school *must* be in its original container and parents must follow the guidelines on the Permission for Medication form.

### Illness Guidelines: To School or Not to School?

This is a question that often puzzles parents. Should I send my child to school? What is best for my child and for the other children at school? We have at school a copy of the recently updated American Academy of Pediatrics book *Managing Infectious Diseases in Child Care and Schools, 4<sup>th</sup> Ed.* Updated information includes:

#### OK to come to school:

- a. Common colds, runny noses (regardless of color or consistency of nasal discharge)
- b. A cough not associated with fever, rapid or difficult breathing, wheezing or cyanosis (blueness of skin or mucous membranes)
- c. Pinkeye (bacterial conjunctivitis) indicated by pink or red conjunctiva with white or yellow eye mucous drainage and matted eyelids after sleep. This may be thought of as a cold in the eye. Exclusion is no longer required for this condition
- d. Watery, yellow or white discharge or crusting eye discharge without fever, eye pain, or eyelid redness. Yellow or white eye drainage that is not associated with pink or red conjunctiva (i.e., the whites of the eyes)
- e. Fever (defined as above 101 degrees F in any location) without any signs or symptoms of illness.

#### Consider staying home if there is illness

- a. that prevents a child from participating
- b. that requires more care than school staff can provide
- c. that poses a risk of spread of harmful disease
- d. that has a fever over 101 degrees
- e. that includes persistent diarrhea or vomiting

There are other reasons to keep a child home; call with questions.

*Handwashing is the single most important factor in preventing the spread of illness!*

### **Inappropriate Items at School**

Toys (electronic or otherwise), stuffed animals, and games are only to be brought to school with clear teacher permission for use in the classroom. Such items brought without such purpose will be turned into the office and returned to parents.

### **Late Work Policy**

Middle and high school student work turned in late will be graded down one letter grade (10 percentage points) for each school day the work is late. Work turned in more than 4 days late will receive 50% of the grade it would have earned if on time.

### **Lost and Found**

The lost and found areas for large items are located in the Commons and in the end of MS/HS hallway. Smaller items, such as jewelry and calculators, will be kept in the office. Items not claimed at the end of the year will be donated to a charitable organization. *Please mark ALL belongings with your name.*

### **Lunch**

We no longer have a National School Lunch Program due to changes in our vendor participation.

K-5 lunch with recess is 11:50 – 12:30. We have a closed campus for elementary school students. They are not to leave the school grounds for lunch unless accompanied by a parent and must check out through the office

K-5 students will eat in the Commons. Students will remain in the Commons until finished eating and dismissed after 12:10. Students are expected to go outside after lunch unless we have a note from home excusing them due to illness. Occasionally the weather is bad enough to warrant an indoor recess, but the majority of recesses are outdoors and students should have appropriate clothing to protect them from the weather. Lunch recess ends at 12:20.

Middle and high school lunch is from 12:20-12:50. We have a closed campus for middle school students. Middle school students are not to leave the school grounds for lunch unless accompanied by a parent/guardian and must check out through the office.

High school students may leave school for lunch. This is a privilege, not a right. Students may lose their off-campus lunch privilege if they return to class tardy after lunch or if their behavior is inappropriate during lunch, or for other reasons.

All MS/HS students eating at school will eat in the Commons or at the picnic tables outside. Food, drink, and glass containers are not allowed inside the sports court fence.

### **National Honor Society for Middle and High School Students**

The LCCS National Honor Society and National Junior Honor Society chapters are duly chartered and affiliated chapters of these prestigious national organizations. Membership is open to those students who meet the required standards in four areas of evaluation: scholarship, leadership, service, and character. Standards for selection are established by the national office of NHS-NJHS and have been adopted by our local chapter. Qualified students are selected to be members by a Faculty Council, appointed by the superintendent.

Students in grades 10-12 are eligible for membership in the NHS and grades 6-9 in NJHS. For the scholarship criterion, a student must have a cumulative GPA of 3.5 or better on our 4.0 scale. A history of leadership experiences and participation in school or community services is also required. Members of the faculty review their professional reflections on a candidate's service activities, character, and leadership. A majority vote of the Council is necessary for selection and candidates are notified regarding selection or non-selection.

Following notification, a formal induction ceremony is held at the school to recognize the newly selected members. Once inducted, new members are required to maintain the same level of performance in all four criteria that led to their selection. This obligation includes regular attendance at chapter meetings and participation in chapter service projects. Students or parents who have questions regarding the selection process or membership obligations can contact the chapter advisor at 944-2314.

### **Parent Online/Student Online**

Parents and middle/high school students may check grades and attendance online with a Parent Online (POL) or Student Online (SOL) account. Please contact the school office if you wish to set up an account or have problems with an existing account.

### **Parent/Teacher Conferences**

Teachers have a daily planning time during which parent conferences may be scheduled. Please call the school office to schedule conferences. Phone conferences may also take place during this planning time. Please contact teachers to schedule parent-teacher conferences outside of school hours. Parent-teacher-student conferences will be scheduled at the beginning of the school year to set goals and discuss expectations and at the end of the first semester to review progress.

### **Parental Custody Issues**

Students' current legal custody status should be on file in the office. Without documentation, the school will allow equal access to both parents. Only court orders from the State of Colorado will be honored. (Orders from out of state must be registered in Hinsdale County before student is enrolled.) School personnel should be notified of controversial situations regarding family status.

### **Parents' Right to Know**

As part of No Child Left Behind legislation (section 1111(h)(6)(A)), parents have the right to be provided with the qualifications of their child's classroom teachers. Qualifications include whether a teacher is licensed by the state of Colorado to teach a grade/subject or if special circumstances are allowing the teacher to teach without that licensure; a teacher's major and advanced degrees; and the qualifications of any instructional assistants providing services to a student.

### **Part-time Enrollment of Home School Students**

A student may apply to the superintendent for participation in the district's secondary education program on a part-time basis. At the middle and high school level a student must enroll in a minimum of 2 courses. Approval will be granted by the superintendent on a space-available basis only. Elementary students must be enrolled full-time.

If the home-schooling middle/high school student is accepted on a part-time basis, all school rules and policies pertaining to student behavior and attendance will be applied as they are for full-time students. No full-time regular education resident student shall be displaced from his/her program due to the attendance of a home-schooling student on a part-time basis.

### **Physical Education**

Our PE curriculum includes active games and skill activities. Please bring or wear tennis shoes and appropriate clothes for safe and enjoyable participation.

PE classes occur in the school yard, the school soccer field on the corner of 7<sup>th</sup> and Henson Streets, the Town Armory, Town Park, and Memorial Park. All MS/HS students will walk to PE and back and are expected to follow all school conduct rules to class and back. Students may not ride to PE or back in a car other than a school vehicle driven by school staff.

### **School Colors**

Dark blue, White, Silver

### **School Mascot**

Fourteeners

### **Technology Integration at LCCS**

All students learn with the support of technology. Not every day and not in every lesson, but at age-appropriate and lesson-dependent times. Our Acceptable Use Policy regarding the internet on our devices and our school network is included in enrollment paperwork and families keep a copy for reference.

All elementary classrooms have Chromebooks integrated into the curriculum. They stay at school but are used in a variety of ways to bring learning alive.

All middle and high school students are issued Chromebooks and calculators. Terms of the loans of this equipment are included in middle/high school enrollment paperwork, and a copy is kept by each family.

The use of all of this technology at LCCS is a privilege and students and parents are asked to please take good care of our equipment and to follow the expectations detailed in the Loan and Acceptable Use agreements.

### **Telephone Use**

In order to maximize instructional time, students will not use the telephone during class time. It is each student's responsibility to remember homework and needed materials and to finalize after school plans before leaving home each morning. Please call before 2:45 to relay messages about changing your child's after school plans.

Teachers will be available for phone calls before or after school and during their planning time. We will not interrupt classroom instruction for phone calls, but messages left with office personnel or on the answering machine will be returned as soon as possible.

### **Withdrawal from School**

If your family is moving to another community, please notify the school office the day before your child's last day of school here so that a Withdrawal Form can be prepared for your signature. You will need this form to enroll your child in the new school.

### **Student Code of Conduct (JICDA)**

26. Continued willful disobedience or open and persistent defiance of proper authority including deliberate refusal to obey a member of the district staff.

## **Student Dress Code (JICA)**

A safe and disciplined learning environment is essential to a quality educational program. District-wide standards on student attire are intended to help students concentrate on schoolwork, reduce discipline problems, and improve school order and safety. The Board recognizes that students have a right to express themselves through dress and personal appearance; however, students shall not wear apparel that is deemed disruptive or potentially disruptive to the classroom environment or to the maintenance of a safe and orderly school.

Any student deemed in violation of the dress code shall be required to change into appropriate clothing or make arrangements to have appropriate clothing brought to school immediately. In this case, there shall be no further penalty.

If the student cannot promptly obtain appropriate clothing, on the first offense, the student shall be given a written warning and an administrator shall notify the student’s parents/guardians. On the second offense, the student shall remain in the administrative office for the day and do schoolwork and a conference with parents/guardians shall be held. Any classes missed as a result of the second offense will be considered unexcused absences. On the third offense, the student may be subject to suspension or other disciplinary action in accordance with Board policy concerning student suspensions, expulsions and other disciplinary interventions.

### Unacceptable Items

The following items are deemed disruptive to the classroom environment or to the maintenance of a safe and orderly school and are not acceptable in school buildings, on school grounds, or at school activities:

1. Dresses and skirts shorter than 4 inches above the top of the knee; shorts shorter than fingertip length.
2. Sunglasses, hoods, and/or hats worn inside the building
3. Inappropriately sheer, tight or low-cut clothing (e.g., midriffs, halter tops, backless clothing, tube tops, garments made of fishnet, mesh or similar material, muscle tops, etc.) that bare or expose traditionally private parts of the body including, but not limited to, the stomach, buttocks, back and breasts
4. Any clothing, paraphernalia, grooming, jewelry, hair coloring, accessories, or body adornments that are or contain any advertisement, symbols, words, slogans, patches, or pictures that:
  - Refer to drugs, tobacco, alcohol, or weapons
  - Are of a sexual nature

- By virtue of color, arrangement, trademark, or other attribute denote membership in gangs which advocate drug use, violence, or disruptive behavior
- Are obscene, profane, vulgar, lewd, or legally libelous
- Threaten the safety or welfare of any person
- Promote any activity prohibited by the student code of conduct
- Otherwise disrupt the teaching-learning process

### Exceptions

Appropriate athletic clothing may be worn in physical education classes and during athletics practices. Clothing normally worn when participating in school-sponsored extra-curricular or sports activities may be worn to school when approved by the sponsor or coach.

## **Sexual Harassment (JBB)**

The Board recognizes that sexual harassment can interfere with a student's academic performance and emotional and physical well-being and that preventing and remedying sexual harassment in schools is essential to ensure a nondiscriminatory, safe environment in which students can learn. In addition, sexual harassment is recognized as a form of sex discrimination and thus is a violation of the laws that prohibit sex discrimination, as addressed in policy AC.

### District's commitment

The district is committed to maintaining a learning environment that is free from sexual harassment. It shall be a violation of policy for any staff member to harass students or for students to harass other students through conduct or communications of a sexual nature or to retaliate against anyone that reports sexual harassment or participates in a harassment investigation.

The district shall investigate all indications, informal reports and formal grievances of sexual harassment by students, staff or third-parties and appropriate corrective action shall be taken. Corrective action includes taking all reasonable steps to end the harassment, to make the harassed student whole by restoring lost educational opportunities, to prevent harassment from recurring and to prevent retaliation against anyone who reports sexual harassment or participates in a harassment investigation.

### Sexual harassment prohibited

Unwelcome sexual advances, requests for sexual favors, or other verbal, non-verbal or physical conduct of a sexual nature may constitute sexual harassment, even if the harasser and the student being harassed are the same sex and whether or not the student resists or submits to the harasser, when:

1. Submission to such conduct is made either explicitly or implicitly a term or condition of a student's participation in an education program or activity.
2. Submission to or rejection of such conduct by a student is used as the basis for education decisions affecting the student.
3. Such conduct is sufficiently severe, persistent or pervasive such that it limits a student's ability to participate in or benefit from an education program or activity or it creates a hostile or abusive educational environment. For a one-time incident to rise to the level of harassment, it must be severe.

Any conduct of a sexual nature directed by a student toward a staff member or by a staff member to a student is presumed to be unwelcome and shall constitute sexual harassment.

Acts of verbal or physical aggression, intimidation or hostility based on sex, but not involving conduct of a sexual nature may also constitute sexual harassment.

Sexual harassment as defined above may include, but is not limited to:

1. sex-oriented verbal "kidding," abuse or harassment,
2. pressure for sexual activity,
3. repeated remarks to a person with sexual implications,
4. unwelcome touching, such as patting, pinching or constant brushing against the body of another,
5. suggesting or demanding sexual involvement, accompanied by implied or explicit threats concerning one's grades or similar personal concerns,
6. sexual violence.

### Reporting, investigation and sanctions

Students are encouraged to report all incidences of sexual harassment to a teacher, counselor or principal in their school building and file a complaint, through the district's complaint and compliance process (AC-R). All reports and indications from students, district employees and third parties shall be forwarded to the compliance officer (AC-E-1).

If the individual alleged to have engaged in prohibited conduct is the person designated as the compliance officer, the complaint shall be made to the superintendent who shall designate an alternate compliance officer to investigate the matter.

All matters involving sexual harassment reports shall remain confidential to the extent possible as long as doing so does not preclude the district from responding effectively to the harassment or preventing future harassment. Filing of a complaint or otherwise reporting sexual harassment shall not reflect upon the individual's status or affect grades.

In determining whether alleged conduct constitutes sexual harassment, the totality of the circumstances, the nature of the conduct, and the context in which the alleged conduct occurred shall be investigated.

Any student found to have engaged in sexual harassment shall be subject to discipline, including, but not limited to, being placed under a remedial discipline plan, suspension or expulsion, subject to applicable procedural requirements and in accordance with applicable law. Conduct of a sexual nature directed toward students shall, in appropriate circumstances, be reported as child abuse for investigation by appropriate authorities in conformity with policy JLF.

#### Notice and training

Notice of this policy shall be circulated to all district schools and departments and incorporated in all student handbooks.

All students and district employees shall receive periodic training related to recognizing and preventing sexual harassment. District employees shall receive additional periodic training related to handling reports of sexual harassment.

### **School District Safe Schools Policies Summary**

The following policies have been adopted by the Board of Education to create a safe and effective learning environment to develop knowledge, skills and competence while respecting the rights of individuals and encouraging respect for authority and appropriate standards of conduct. These policies are intended to support the school district's mission statement to prepare students for advanced education, responsible citizenship and balanced, productive lives. The Board is committed to a uniform and fair enforcement of all rules.

The law requires that these policies be distributed each year. The policies are outlined below and each policy is available in its entirety for parent review at the Lake City Community School office. (Following each policy/regulation is the code for policies related to Colorado Senate Bill 133 for safe schools plans.)

#### **A. Safe Schools Policy (ADD)**

1. The superintendent has developed a safe schools plan that addresses
  - a. supervision and security of school buildings and grounds
  - b. supervision of students and visitors
  - c. training programs for staff and students and procedures for the following:
    - 1) crisis prevention and management and emergency response
    - 2) ways to respond to and report problem situations
    - 3) reviews of school security and whether all feel safe
    - 4) liaison with city/county officials (law, fire, medical)
    - 5) ways to respond to fire, accidents, natural disasters, traffic, and classroom/community safety concerns
2. The superintendent will prepare an annual safety report for the Board of Education, to be shared with the public and submitted to the state. In addition to information summarizing enrollment and attendance, dropout rates and class size, the annual report will address student conduct and disciplinary action regarding
  - a. dangerous weapons
  - b. alcohol, tobacco, drugs and controlled substances
  - c. disruptive behavior, assaults, or threats of harm
  - d. damage to school property
  - e. theft
  - f. other behavior that interferes with school safety and educational opportunity of other students

#### **B. Component Policies of the Safe Schools Plan**

1. **School District Mission (AD)** – see cover page of this handbook
2. **Student Conduct (JIC)** – The Board of Education has adopted a written student conduct and discipline code that is part of the student handbook shared with each student and posted or kept on file in each building.
3. **Student Dress Code (JICA)** – Student attire that is deemed likely to disrupt the teaching-learning process is not acceptable in school buildings, grounds or activities. A specific list of inappropriate attire is detailed in the student handbook.
4. **Student Conduct in School Vehicles (JICC)** -- Riding in a school vehicle is a privilege and is contingent on observance of the student code of conduct as well as other regulations for safe conduct on school vehicles.
5. **Student Code of Conduct (JICDA)** – Twenty-four types of activities are specifically prohibited in school buildings, grounds, vehicles and school sponsored activities under S.B. 133 and are grounds for suspension or

expulsion. Even attempts at these actions may result in disciplinary action. The student code of conduct precedes this policy summary.

6. **School-Related Student Publications (JICEA)** – This policy and school publications code is intended primarily to encourage free and open expression of ideas and protect the first amendment rights of students. Prohibited materials include those that are obscene, libelous, or illegal under state law, threaten violence, or that encourage violence, violation of school regulations, or substantial immediate disruption of school activities.

7. **Student Distribution of Noncurricular Materials (JICEC)** – This policy is intended to encourage and protect students' right to free speech while maintaining an orderly and safe school environment. The same prohibitions that apply to student publications apply to material in any media distributed by students. School equipment and supplies shall not be used for publication of such material. To distribute materials, a student must notify the superintendent at least one day in advance so details of time, place and manner of distribution can be arranged. Students do not have to produce an advance copy of materials for review.

8. **Student Expression Rights (JICED)** – This policy simply extends to every student the limitations of expression that apply to school-related publications and to student distribution of noncurricular materials. It lists ten types of expression that violate the law, the rights of others or community standards of decency that are prohibited. It is the explicit policy of the school district to encourage creative student expression and the opportunity to put into practice Constitutional values such as the right to free speech.

9. **Tobacco-Free Schools (ADC)** – Smoking, chewing or any other use of any tobacco products by staff, students and members of the public is banned from all school property.

10. **Advisory Committees (BDF)** – Advisory committees shall be formed and citizens appointed by the Board of Education and staff members assigned to each group. Other community groups are encouraged to offer suggestions and advice to the Board. All committee meetings shall be open to the public.

11. **School Board Policy Process (BG)** – Policy development is one of the Board's chief responsibilities. Policy proposals may originate with Board members, the superintendent, staff, parents, residents of the district, and consultants. Established procedures will be followed for adoption, revision or repeal of policies.

12. **School Visitors & Security/Access to Buildings (KI & ECA/ECAB)** -- The Board encourages parents/guardians and other citizens of the district to visit classrooms, activities and functions at any time to observe the work of the schools. During regular school hours, visitors shall report to the school office when entering and flow of traffic into and out of buildings shall be closely monitored. Access to buildings outside of school hours shall be limited to persons and organizations approved by the Board.

13. **Student Absences and Excuses (JH)** – Excused absences include illness, injury, mental or emotional disability, prearranged absences for appointments, work-study under school supervision and school-sponsored or approved activities of an educational nature. Make-up work shall be provided. The maximum number of unexcused absences before judicial proceedings to enforce compulsory attendance is 10. Make-up work shall be allowed but may receive only partial credit. At the end of the school year, if a student is not in attendance or enrolled in another school, home-study course, or on-line program and has been absent for six consecutive weeks, the student will be considered a "drop-out" and reported to the Department of Education.

14. **Bullying Prevention and Education (JICDE)** – The Board supports a secure school climate, conducive to teaching and learning that is free from threat, harassment and any type of bullying behavior. This policy promotes consistency of approach and helps create a climate in which all types of bullying are regarded as unacceptable.

15. **Secret Societies/Gang Activity (JICF)** – The Board prohibits any groups or gangs which advocate drug use, violence or disruptive behavior, or intimidation of students. Any apparel or accessory that denotes membership in gangs is prohibited on school premises.

16. **Drug and Alcohol Use by Students (JICH)** – Discipline including suspension or expulsion may apply to possession, use, sale, distribution or procurement of alcohol, drugs or other controlled substances including narcotics, hallucinogens, amphetamines, barbiturates, stimulants, depressants, marijuana, anabolic steroids, and even substances believed by the students to be such substances. The school district shall take an active role in cooperation with law enforcement, social services and other agencies in education regarding the dangers of use and in reducing illegal use of drugs and alcohol by school-aged youths.

17. **Weapons in School (JICI)** – Federal law requires expulsion for no less than one full calendar year for a student who is determined to have brought a firearm to school. The Board will apply disciplinary measures including expulsion for possession of any dangerous weapon on school property or at school-sponsored activities. This includes any knife, gun or firearm facsimile, or other objects that could be used to inflict serious bodily injury.

18. **Student Interrogations, Searches and Arrests (JIH)** – When a school official has reasonable grounds for suspecting that a search will turn up evidence that a student has violated either the law or Board policy, searches of a student, the student's personal property and school property may be conducted. Anything found that is evidence of a violation of law or Board policy may be seized. The superintendent may request a search conducted by a law enforcement officer. Searches by law enforcement will be conducted in accordance with the requirements of applicable law. If law enforcement officials request permission to question students when in school or participating in school activities, the students' parent/guardian as well as the superintendent or designee shall be present and the interrogation should be in private. The parent/guardian will be notified of the search as

soon as reasonably possible. An administrative report shall be prepared by the school official conducting the search. Within ten days after the search, the student may appeal the search decision.

**19. Student Discipline (JK)** – The objective of disciplining any student must be to help the student develop a positive attitude toward self-discipline and socially acceptable behavior. A remedial discipline plan may be developed for any student who causes material and substantial disruption in any school activities. A student who causes a material and substantial disruption three times during the school year shall be declared a habitually disruptive student which may result in the student's expulsion.

**20. Use of Physical Intervention and Restraint (JKA)** – Physical intervention or restraint may be used by any school employee to prevent wrongdoing or physical injury, in self-defense or protection of others, to obtain possession of dangerous objects, or to maintain discipline in an emergency situation that threatens bodily harm. Corporal punishment shall not be administered to any student.

**21. Disciplinary Removal from Classroom (JKBA)** – A teacher may immediately remove a student from the classroom if the student's behavior violates the Student Code of Conduct, is dangerous or disruptive, or seriously interferes with the teaching/learning environment. This removal may be informal for a short period of time after which the student is allowed to return or a formal removal. Before formal removal, the student should be warned that continued misbehavior may result in being removed from the classroom and possibly suspended or expelled. Formal removal will result in notification of parents/guardian and may involve a student-teacher-parent conference. After three formal removals, a student shall be officially removed from the teacher's class for the remainder of the term and a loss of credit may occur.

**22. Expulsion Prevention, Suspension/Expulsion of Students, and Educational Alternatives for Expelled Students (JKG, JKD/JKE & JKF)** – Expulsion is regarded as a punishment of last resort. Students who are identified as at risk of suspension or expulsion will (in conjunction with their parent/guardian) be provided with a plan for support services to help them avoid expulsion. As an alternative to suspension, if the teacher agrees and it is not disruptive, the student may remain if the parent/guardian attends class with the student. A suspension may be from one to twenty days. The Board has authority to expel a student for any period up to one year. A student or parent/guardian can request that educational services be designed to enable an expelled student to return to school, complete the GED or enroll in a non-public school. The services need not be provided on school property.

**23. Screening/Testing of Students (JLDAC)** – Parents/guardians' consent is required before students respond to a survey, assessment, analysis or evaluation related to certain personal information listed in this policy. Parents/guardians' consent is also required prior to psychiatric/psychological assessment of students by certified school personnel. However, a student age 15 or older may consent to receive mental health services when rendered by a licensed person or facility. Special education evaluation is governed by state and federal law and is outside the scope of this policy.

**24. Student Records/Release of Information on Students (JRA/JRC)** – Student educational records and personal information may be reviewed by the parent/guardian upon written request and they have the right to request amendments of records that can be supported by appropriate evidence. The superintendent from other districts or state agencies may request educational information. Disclosure of information requires written consent of parents/guardians; however, disciplinary information may be disclosed to any teacher who has contact with such students. Some information may be disclosed to Medicaid and criminal justice agencies. Directory information that may be released includes the student's name, date and place of birth, major, activity/sport participation, dates of attendance and degrees and awards received. Colorado law prohibits release of student telephone numbers and addresses. Names, addresses and home telephone numbers, as well as directory information, of secondary school students will be released to military recruiting officers within 90 days of the request unless a parent/guardian or eligible student submits a written request that such information not be released. Disclosure of personally identifiable information can be made without consent to school officials and teachers and to officials of other school districts or postsecondary institutions.

**25. Sharing of Student Records/Information between School District and State Agencies (JRCA)** – The Board may utilize all avenues under state law to obtain or share relevant student information when necessary to protect the safety and welfare of school district staff, visitors, students, property and the public.

**26. Crisis Management and Crisis Management Communication (KDE & KDEA)** – A crisis management plan has been prepared for disruptive events that threaten safety and security, whether or not they occur on school property. This plan includes written procedures for taking action, communicating with local law enforcement and emergency services, parents, students and the media. The plan includes staff training and aftermath services for staff/students affected by trauma. A spokesperson for the district will coordinate information gathering and dissemination to inform staff, the media and the public of what is happening as soon as facts can be verified.

**27. Relations with State Agencies (KLG)** – To enhance the safety and security of students, staff and community, the Board shall cooperate with law enforcement officials, the juvenile justice system and social services. This proactive effort includes protection of the civil rights of individuals as well as guidelines for contacting state agencies and periodic review of security and safe school plans.

28. **Violent and Aggressive Behavior (JICDD)** – In order to preserve the type of learning environment to which the students and staff of this district are entitled, thirteen behaviors, categorized as violent or aggressive, will not be tolerated and shall result in immediate action being taken by the district.

### **C. Staff Personal Security and Safety (GBGB)**

#### **Offenses against school employees**

The following procedures shall be followed in instances of assault, disorderly conduct, harassment, knowingly false allegation of child abuse, or any alleged offense under the “Colorado Criminal Code” by a student directed towards a teacher or school employee.

These same procedures shall be followed in instances of damage by a student to the personal property of a teacher or school employee occurring on school district premises.

1. The teacher or employee shall file a written complaint with the superintendent and the Board of Education.
2. The superintendent, after receipt both of the complaint and adequate proof of the charges, shall suspend the student for three days in accordance with established procedures.
3. The superintendent shall initiate procedures for the further suspension or expulsion of the student when injury or property damage has occurred.
4. The superintendent shall report the incident to the district attorney or the appropriate local law enforcement agency or officer who shall then investigate the incident to determine the appropriateness of filing criminal charges or initiating delinquency proceedings.
5. A copy of this policy shall be distributed to each student and posted in each school building.

#### **Communication of disciplinary information to teachers/counselors**

The superintendent shall communicate discipline information concerning any student enrolled in the district to all teachers and counselors who have direct contact with that student. Any teacher or counselor who is assigned a student with known serious behavior problems will be informed of the student’s behavior record. Any school employee who is provided this information shall maintain its confidentiality and shall not communicate it to any other person.

### **Student Records/Release of Information on Students – Policy (JRA/JRC)**

In recognition of the confidential nature of student education records, no person or agency may access student education records without prior written consent from the student’s parent/guardian or the eligible student, except as set forth in law and this policy.

The superintendent or designee shall provide for the proper administration of student records in accordance with law, including the implementation of safeguard measures or procedures regarding access to and disclosure of student education records.

#### **Content and custody of student education records**

The superintendent is the official custodian of records in his or her building.

Student education records in all formats and media, including photographic and electronic, are those records that relate directly to a student. Student education records may contain, but will not necessarily be limited to, the following information: identifying data; academic work completed; level of achievement (grades, standardized achievement test scores); attendance data; scores on standardized intelligence, aptitude and psychological tests; interest inventory results; health and medical information; family background information; teacher or counselor ratings and observations; reports of serious or recurrent behavior patterns and any individualized education program (IEP).

Student education records do not include records maintained by a law enforcement unit of the school or school district that are created by that unit for the purpose of law enforcement.

Nothing in this policy shall prevent administrators, teachers or staff from disclosing information derived from personal knowledge or observation and not derived from a student’s education records.

In accordance with applicable law, requests for inspection and review of student education records, requests for copies of such records, and disclosure of personally identifiable information therein shall be maintained as a part of each student’s education record.

School personnel shall use reasonable methods to authenticate the identity of parents, students, school officials, and any other party to whom they disclose student education records. Authentication of identity prior to disclosure of electronic records through passwords or other security measures shall be required.

#### **Access to student education records by parents and eligible students**

A parent/guardian (“parent”) has the right to inspect and review their child’s education records if the student is under 18 years of age. If a student is 18 years old or older (“eligible student”), the student may inspect or review his or her own education records and provide written consent for disclosure of such records and personally identifiable information therein. However, the parent is also entitled to access his/her child’s education records, despite the lack of written consent from the eligible student, if the eligible student is a dependent for federal income tax purposes or the disclosure is in

connection with a health or safety emergency. Access to student education records by parents or eligible students shall be in accordance with the regulation accompanying this policy.

#### Request to amend student education records

A parent or eligible student may ask the district to amend a student education record they believe is inaccurate, misleading or otherwise violates the privacy rights of the student. Student grades cannot be challenged pursuant to this policy. Requests to amend a student education record shall be in accordance with the regulation accompanying this policy.

#### Disclosure with written consent

Whenever the district is required by law or policy to seek written consent prior to disclosing personally identifiable information from a student's education record, the notice provided to the parent or eligible student shall contain the following:

- a. The specific records to be disclosed;
- b. The specific reasons for such disclosure;
- c. The specific identity of any person, agency or organization requesting such information and the intended uses of the information;
- d. The method or manner by which the records will be disclosed; and
- e. The right to review or receive a copy of the records to be disclosed.

The parent's or eligible student's consent shall only be valid for the specific instance for which it was given. Consent for a student to participate in any course, school activity, special education program or in any other school program shall not constitute the specific written consent required by this policy. All signed consent forms shall be retained by the school district.

#### Disclosure without written consent

The district may disclose student education records or personally identifiable information contained therein without written consent of the parent or eligible student if the disclosure meets one of the following conditions:

1. The disclosure is to a school official having a legitimate educational interest in the student education record or the personally identifiable information contained therein. In accordance with law, only those school officials who have a legitimate educational interest as described in this policy shall be permitted access to specific student education records.
  - a. For purposes of this policy, a "school official" is a person employed by the district as an administrator, supervisor, teacher or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board of Education; a person or company with whom the district has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, consultant or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student or other volunteer assisting another school official in performing his or her tasks.
  - b. A school official has a "legitimate educational interest" if disclosure to the school official is: (1) necessary for that official to perform appropriate tasks that are specified in his or her position description or by a contract agreement; (2) used within the context of official district business and not for purposes extraneous to the official's areas of responsibility; (3) relevant to the accomplishment of some task or to a determination about the student; and (4) consistent with the purposes for which the data are maintained.
2. The disclosure is to officials of another school, school system or postsecondary institution that has requested the records and in which the student seeks or intends to enroll, or has enrolled. Any records sent during the student's application or transfer period may be supplemented, updated or corrected as necessary.
3. The disclosure is to authorized representatives of the Comptroller General of the United States, the Attorney General of the United States, the Secretary of the U.S. Department of Education, or state and local educational authorities.
4. The disclosure is in connection with a student's application for, or receipt of, financial aid.
5. The disclosure is to state and local officials and concerns the juvenile justice system's ability to effectively serve, prior to adjudication, the student whose records are disclosed as provided under the Colorado Open Records Act and Colorado Children's Code. Such records and personally identifiable information shall only be disclosed upon written certification by the officials that the records and information will not be disclosed to any other party, except as specifically authorized or required by law, without the prior written consent of the parent or eligible student.
6. The disclosure is to organizations conducting studies for, or on behalf of, educational agencies or institutions to develop, validate or administer predictive tests; to administer student aid programs; or to improve instruction.
7. The disclosure is to accrediting organizations for accrediting functions.
8. The disclosure is to the parent of an eligible student and the student is a dependent for IRS tax purposes.

9. The disclosure is in connection with an emergency, if knowledge of the information is necessary to protect the health or safety of the student or others.
10. The disclosure is to comply with a judicial order or lawful subpoena. Unless specified in the order or subpoena, the district shall make a reasonable effort to notify the parent or eligible student prior to complying with the order or subpoena.
11. The disclosure is of “directory information” as defined by this policy.

#### Disclosure of directory information

Directory information may also be disclosed without written consent of the parent or eligible student. “Directory information” means information contained in a student’s education record that would not generally be considered harmful or an invasion of privacy if disclosed. Directory information which may be released includes but is not limited to the student’s name, email address, photograph, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, grade level, enrollment status, degrees, honors and awards received, the most recent previous education agency or institution attended by the student, and other similar information. Directory information also includes a student identification number or other unique personal identifier displayed on a student ID badge or used by the student to access or communicate in electronic systems, but only if the identifier cannot be used to gain access to student education records except when used in conjunction with one or more factors that authenticate the user’s identity, such as a password known only by the authorized user.

Student telephone numbers and addresses shall not be disclosed pursuant to this section.

The parent or eligible student has the right to refuse to permit the designation of any or all of the categories of directory information if such refusal is received in writing in the office of the principal of the school where the student is in attendance no later than September 7 or the following Monday if September 7 is a Saturday or Sunday.

#### Disclosure of disciplinary information to school personnel

In accordance with state law, the superintendent or designee shall communicate disciplinary information concerning any student enrolled in the school to any teacher who has direct contact with the student in the classroom and to any counselor who has direct contact with the student. Any teacher or counselor to whom disciplinary information is reported shall maintain the confidentiality of the information and shall not communicate it to any other person.

State law requires the superintendent or designee to inform the student and the student’s parent when disciplinary information is communicated and to provide a copy of the shared disciplinary information. The student and/or the student’s parent may challenge the accuracy of such disciplinary information through the process outlined in this policy and accompanying regulation.

#### Disclosure to military recruiting officers

Names, addresses and home telephone numbers, as well as directory information, of secondary school students shall be released to military recruiting officers within 90 days of the request, unless a parent or student submits a written request that such information not be released. Reasonable and customary actual expenses directly incurred by the district in furnishing this information will be paid by the requesting service.

#### Disclosure to Medicaid

In all cases in which a student is enrolled in the Colorado Medicaid program, the district shall release directory information consisting of the student’s name, date of birth and gender to Health Care Policy and Financing (Colorado’s Medicaid agency) to verify Medicaid eligibility of students. The district shall obtain written consent annually from a parent before the release of any non-directory information required for billing. To accomplish this, the district shall include a consent form with the “start of school” information each fall and include a consent form with IEP packet materials.

#### Disclosure to the Colorado Commission on Higher Education (CCHE)

On or before December 31 of each school year, the school district shall disclose to the CCHE the names and mailing addresses of those students enrolled in the eighth grade for use in mailing the notice of postsecondary educational opportunities and higher education admission guidelines as required by state law.

#### Annual notification of rights

The district shall notify parents and eligible students of their rights pursuant to this policy at the beginning of each academic year. For notice to parents or eligible students who are disabled or whose primary or home language is other than English, the format or method of notice will be modified so it is reasonably likely to inform them of their rights.

A copy of the Family Educational Rights and Privacy Act, and this policy and accompanying regulation and exhibit may be obtained from the office of the superintendent during normal business hours.

### Governing law

The district shall comply with the Family Educational Rights and Privacy Act (FERPA) and its regulations as well as state law governing the confidentiality of student education records. The district shall be entitled to take all actions and exercise all options authorized under the law.

In the event this policy or accompanying regulation does not address a provision in applicable state or federal law, or is inconsistent with or in conflict with applicable state or federal law, the provisions of applicable state or federal law shall control.
